The Company Fee is only applied on the profits generated, not on the investment itself
The Management Fee is applied Per Annum on the total value of the portfolio

How do we invest your money?

- We analyze and purchase cryptocurrencies when the market is in a favorable position to invest
- We constantly follow and advise the customers when to withdraw or minimize the risk of their investment.
- We manage the client's portfolio and keep your funds secure.

How do we gain from this?

- We increase our portfolio of customers
- We take a percentage from the realized profits upon customer withdrawal (no longer than 24 months)
